Microsoft Azure student account creation guide

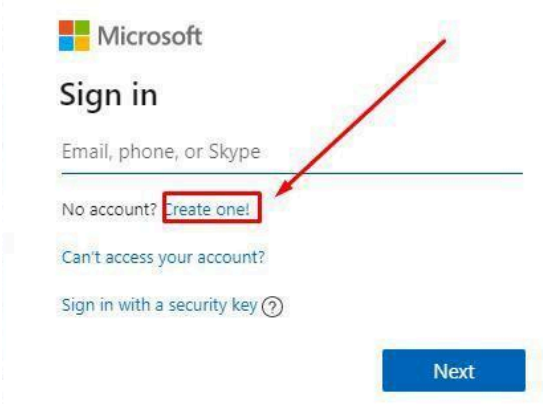

We can create a Microsoft Azure student account without a credit card, and we will be given $100 credit that is valid for a year. Afterwards we can continue to use the free tier services, but we have to provide a credit card.

Step 1. Go to https://azure.microsoft.com/en-us/free/students/ and press the green button "Start Free"

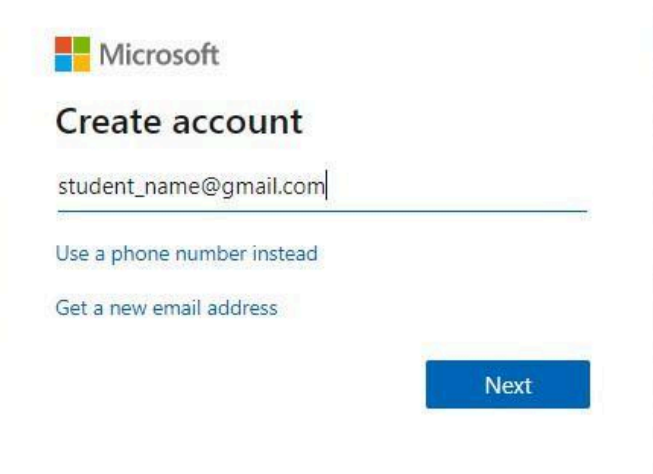

Step 2. If you already have a Microsoft account just go to step 3. If you do not have a Microsoft account:

Step a. Press "Create one" and follow the instructions. Your account creation **should not** be with your aueb email, instead use any other email you have.

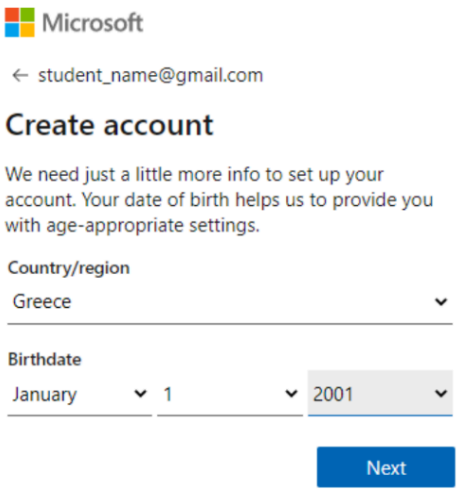

Step b. Enter a valid e-mail (**not aueb email**).

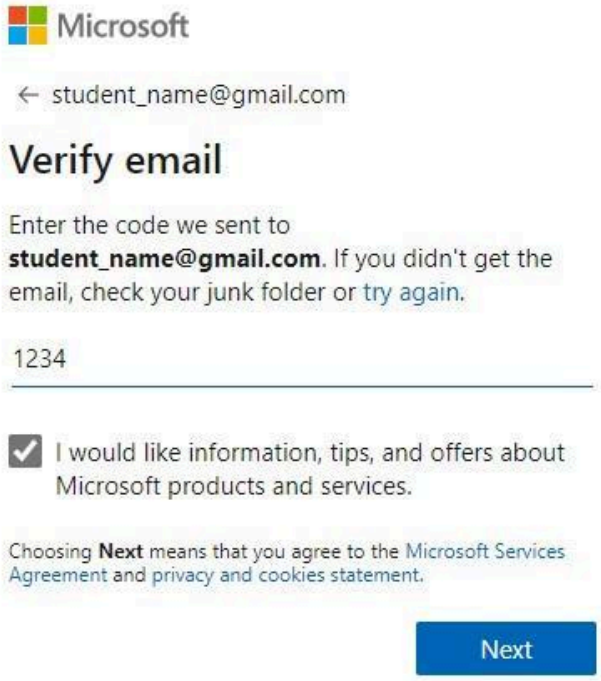

Step c. Enter valid password.

Step d. Fill-in your country and birthday.

Step e. A code has been sent to your email just login to your email to get the code. Enter the code that has been sent and press “Next”.

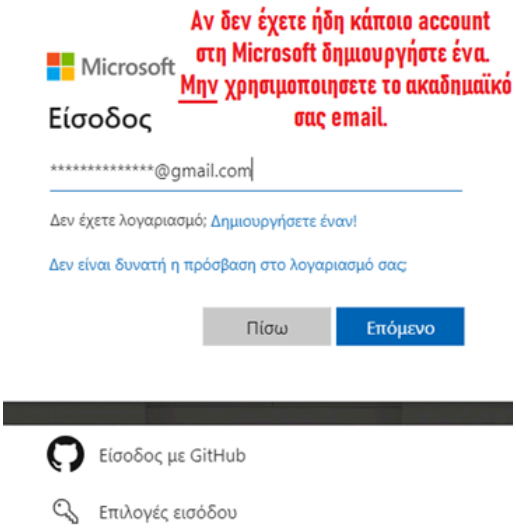

Step f. Verify that you are not a robot by pressing “Next”.

Step 3. Create a Student Account.

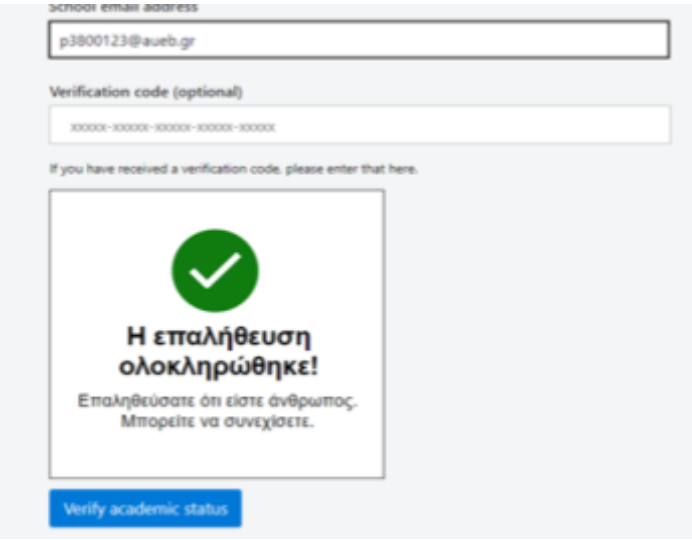

Step a. Sign in to your Azure account (Your sign in should not be with you aueb mail). Fill in your email and press “Next”.

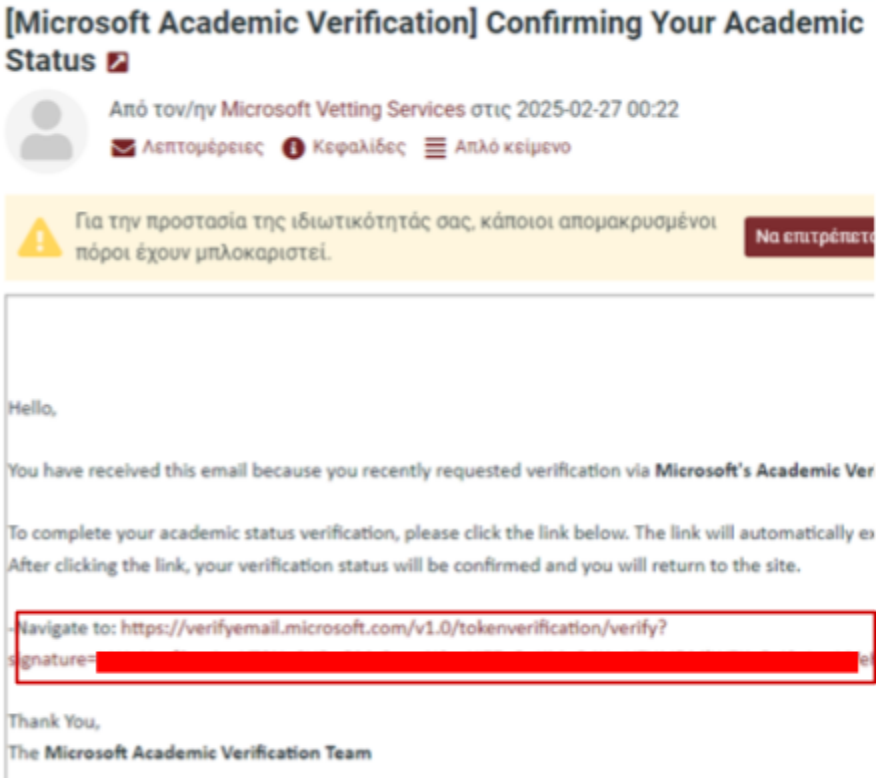

Step b. Fill in your academic details by stating your faculty and your email address associated with it:

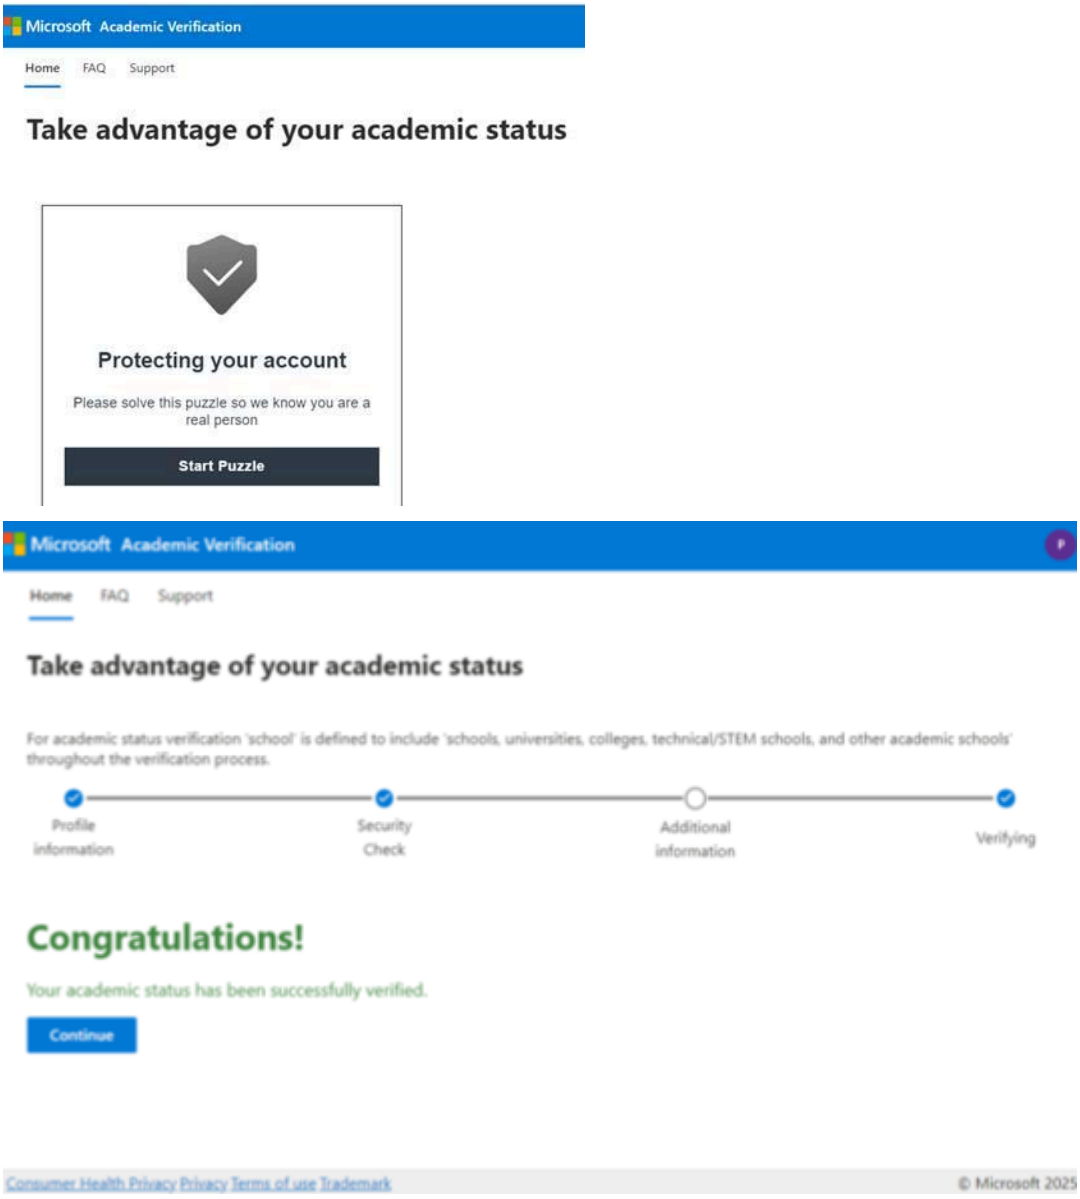

Step c. Once the quiz is successfully completed, proceed with the process.

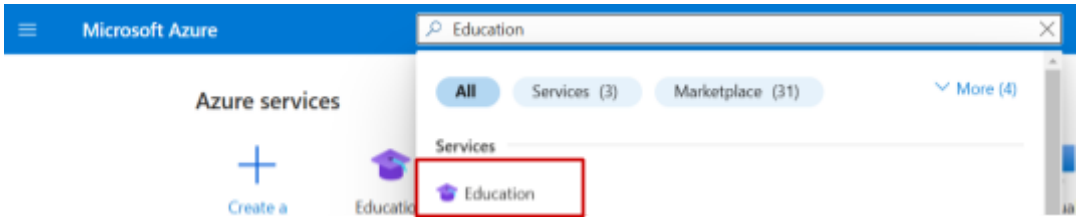

Step d. To complete the creation of the student account, follow the link that has been sent to your university's account.

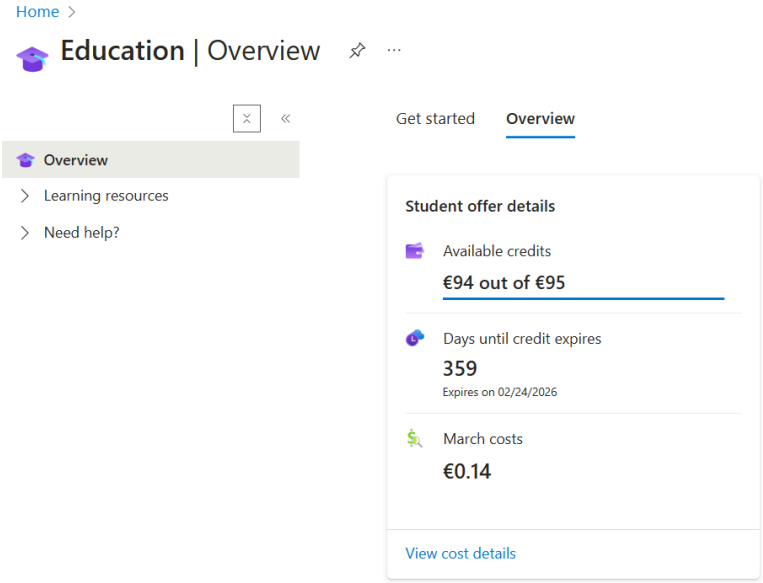

Step e. Successfully complete the puzzle, and your academic account will be created.

Step 4. To verify your credits, log in to your account and search for 'Education.' Your educational budget should appear.
